About Us

POCA Group was incorporated in 2007 in Indonesia. POCA GROUP is an end-to-end service provider for the telecommunications market having a global presence. End user's in today's connected world demand the very best of services and products from their providers; which in turn require higher bandwidths and faster technology roll-outs to keep pace with customer demands.

We provide media/marketing services through various multimedia channels, including marketing campaigns to increase both brand awareness and brand loyalty. Through our Media Marketing Services, we prompt more people to like and trust your business so that your business earns more credibility and authority which let your business win more loyal customers or clients.

POCA group that specializes in IT Infrastructure, Packet Switch Core Network and Applications Development.
